

Wallace High School Science faculty

Pictures show our updated breakout area planting and seating

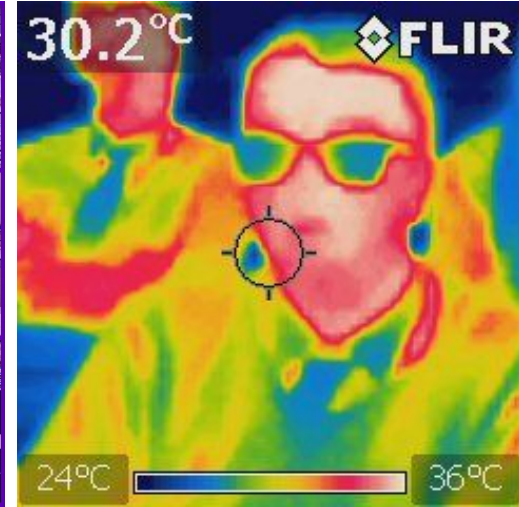

Broad general education - what to expect in their first year

Earth's Materials - Newly updated Chemistry topic investigating Earth's natural and human made resources

Cells and Reproduction - Mainly Biology topic investigating the body at a cellular level and understanding the Science of reproduction

Energy topic - Mainly Physics topic which explores types of energy, their uses and then focussed on Heat and Light energy in more detail

STEM (Science, Technology, Engineering and Maths)

@WHS_ScienceFac

Wallace High Science @WHS_ScienceFac · Oct 5

Our S1-3 pupils who support our Science celebrating success website had a great experience making hydrogen fuelled cars last week - well done to all of those involved and to our winning team who represented the school at the Falkirk wheel event! [@arcolaenergy](#) #STEMeducation

Pupils will have opportunities to take part in other STEM activities and projects throughout the year including British Science association CREST awards

Keep an eye out via our School app, twitter pages, pupil support google classrooms and info provided by their Science teacher.

Clubs via Science

- Bee Keeping club - New to 21_22 Session!
- School Garden 21_22 development working with EcoSchools
- Young STEM leader award
